Got a reply back from Phil Thirkel and StarKist is OK with what I sent. So with the caveat that the files I sent you are proposed working documents for discussion purposes, it looks like we are on the way. Also keep in mind Jim Cox's comments and questions I sent in my previous email

Please let me know if you need something more detailed for you planning - particularly the overall program that you are trying to fit around the permits. Would be happy to help.

Regards,

Steve
